

Wood Branson Dickinson Accountants

Founded in 2001 by Kevin Wood, Andy Branson and Paul Dickinson, Edenbridge was viewed as the ideal location for Wood Branson Dickinson to set up their accounting practice. 11 years later they have worked hard to raise the profile of their firm, more commonly referred to as WBD Accountants.

The main focus of WBD is Owner Managed Businesses. Their clients range from corporate and small businesses to private clients who require Personal and Inheritance Tax or Court of Protection services.

It's not just the accounts side of things that WBD can help their clients with, over the years they have

developed a large number of business growth services to help make their clients businesses even more successful.

By making sure they understand their client's needs, WBD are able to provide the best mix of services to enable them to reach their personal and business goals.

Whether you need compliance services (annual accounts and tax returns), business support (management accounts, bookkeeping, payroll, VAT and company secretarial) and/or value added (tax planning, wealth management, marketing support, business consulting and more), the services are tailored for each client.

These are many of the types of service you might expect to only find from a larger firm of accountants but it's all available right on your doorstep.

Although many of WBD's clients are based outside the local area, Kevin, Andy and Paul have focussed on building up a more local client database over the last few years. They have become very involved in the local Eden Valley Chamber of Commerce, acting as treasurers and they are also sponsors of the Eden Valley English market marquee which will make it's next appearance at the Edenbridge Fun Day on the 4th June.

Paul is also involved in the newly launched Business Start Up Scheme, working with a number of other local business people providing help and advice during the initial stages of setting up a business. You can find more details about the scheme at www.edenbiz.org

Not only can you expect a good, thorough and personal service from Kevin, Andy and Paul, but the firm are also part of the Eden Valley Loyalty Card Scheme so you will be rewarded for using their services.
