

## Eden Beauty Therapy celebrates 10 years in town!

Our High Street has seen many changes over the last 10 years but one of the things that has remained constant throughout is the presence of 'Eden Beauty Therapy' on Church Street. In order to celebrate this great achievement Emma has some fun things and very special offers planned for the actual birthday itself on Thursday 2<sup>nd</sup> October.

Owner & Therapist Emma Stoner

looking fresh and healthy whilst combating the effects of ageing.

As well as Skin Care and Gel Nails, Eden Beauty Therapy also specialise in:

- Hair Removal
- Eyes & Brows
- Advanced Cosmetic Procedures
- Manicures & Pedicures
- Callus Peels
- Massage
- Ear Piercing (restrictions apply)

The salon team consists of therapists Emma and Sarah with support from receptionists Clair, Una and Charlotte.

The beauty industry moves at a fast pace with regards to new treatments and products and Emma, along with her other therapist Sarah, will always ensure they have the latest training in new products coming from their suppliers.

Recently introduced to their range of nail treatments are Jessica and Orly Gels. Orly Gel FX Nails give you a lasting finish because the gels are more durable than an ordinary nail polish. Gel FX is a vitamin infused Gel Polish which is set under an LED light for just 30 seconds per layer meaning you can leave the salon with your nails ready to go.

The Jessica GELeration range has been created with the health of the natural nail in mind. This evolution in technology protects nails, offering weak, bitten or problem nails the opportunity to grow and each of these treatments is tailored to suit the client's nail type.

Guinot facials have been very popular since the salon opened particularly the Hydradermie facial. These treatments can only be carried out by professionally qualified therapists and are tailor-made to suit the skin type of each client. Both the Hydradermie and Lifting facials use a special machine, which helps to reach deeper levels of the skin. Clients feel the difference straight away and the effects are long lasting. Emma says that regular facials keep you skin
